### **Social Work | Melissa Knofczynski 612-643-2034**

First Quarter is already finished! We are 25% done with the school year already! PYC not only is here to support our students in all aspects of their lives, but we are here to support families as well. We are approaching holiday seasons that may produce many stressors financially and emotionally. Our social work team is here to be able to support you by connecting you with community resources and/or services. Know that you can call and count on us to walk you through this. We have many resources that are local that include food shelves, shelter, clothing or county assistance.

We have been having beautiful weather but we also know that Winter is just around the corner. PYC is ready to help out with hats, mittens and warm clothing. Please do not hesitate to reach out to see how we can help.

Families are welcome to come into school at any time. Please reach out to teachers, social workers or administration if you would like to set up a meeting or conference with our staff. If you are not comfortable coming in, we could also do a phone or zoom meeting. We look forward to seeing you! Staff phone numbers and email addresses can be found by clicking the [Staff Contact Info](#) link.
